

Nu-Bio Scrub™

Scrub Free Cleaner for Soap Scum and Scale Residues

pH 3,5

Description

Nu-Bio Scrub™ is a biotechnological cleaner that removes soap scum and scale residues.

Benefits

- Ideal for cleaning showers, bathtubs, urinals, toilets, faucets, drinking fountains, stainless steel sinks and other surfaces exposed to water and / or soap scum
- Can also be used for cleaning metals, such as stainless steel, brass, copper, etc., without damaging them
- A more effective alternative to corrosive acids
- Safe for users, gentle on finished surfaces and the environment
- Saves energy by using cold water
- Product is highly concentrated, so it requires less packaging and storage

MASSWELL

Directions

Dilute **Nu-Bio Scrub™** according to Dilution Guidelines, apply the solution, clean and rinse. Do not use on marble or calcareous stone surfaces sensitive to acids.

- Consult an InnuScience representative for more information on the dilutions, dosages or equipment to be used according to your needs.
- Consult a representative about our specialized training.

Dilution Guidelines

Daily Cleaning		1 : 128	8 ml / L water
Heavy Cleaning		1 : 10	100 ml / L water

Warning

Precautions: Wear eye protection. Wash hands thoroughly after handling.

AVOID CONTACT WITH EYES: Rinse immediately with water. Remove contact lenses, if present. Should eye irritation persist, get medical attention.
